

# 2012 Bonner Global Village: Summer Service Trip Busua, Ghana

## This summer your goal is to...

- A. Empower youth to change the world,
- B. Fulfill your Bonner summer service requirements,
- C. Enjoy the sun, surf and sand on a tropical beach
- D. All of the above

Serve with the Teach on the Beach, a Bonner Global Village Partner, and teach Ghanaian students creativity and problem solving, expand our reach, and measure the impact of our work.

**Teach on the Beach** is an international nonprofit organization connecting compassionate global citizens with the underprivileged youth of developing countries through our community programs utilizing travel and technology. Our As part of our long term efforts, Volunteers help these youth to grow up to be a generation of leaders, teachers, and activists for positive change.

## About The Bonner Global Village Project

The Bonner Network has welcomed Teach on the Beach as an international partner to promote sustainable community-driven partnerships between the Bonner Network and international communities. The Bonner Global Village project connects international development organizations with students and resources in a coordinated and sustainable way. These partnerships will provide students a global service perspective, enable individual campus international initiatives, and support the global communities in which our partners operate.

In cooperation with the Peacework Development Fund and organizations like Teach on the Beach, the Bonner Foundation is launching the Bonner Global Village Project, a pattern of global engagement through service strategically and systematically addressing critical and contemporary global issues — connecting service with global experiences

# Daily Teach on the Beach Volunteer Programming

## Teach at the Busua Primary School (~8 to 12pm)

Teaching in the primary school is crucial to building relationships with students and teachers and makes our organization's focus on education highly visible in the community.

- Aid teachers with daily lessons and managing their classrooms
- Substitute when teachers are absent, which can be often
- Gain valuable experience working in a difficult situation

## After School Programs (2pm – 4pm)

Keep your students learning for an extra hour or two on weekdays at the Teach on the Beach resource room.

- Explore students creativity with arts, music, storytelling or other non-traditional teaching
- Work on problem areas with specific students to help them gain confidence
- Use your own knowledge and experience in science, math, writing, the arts, etc. to open up the students' minds

## NewsHour (6pm – 8pm)

NewsHour is designed to help secondary students learn about new people, ideas, and cultures while building their discussion and writing skills. Teach on the Beach coordinates NewsHour groups around the world in a truly innovative global conversation.

- Facilitate and grow our daily discussions in Busua
- Help students with the summary and reflection reports
- Correspond with NewsHour facilitators worldwide to organize virtual discussions

*All summer service volunteers will stay at Teach on the Beach facilities with TOB staffers and sponsored students. It is a safe and fun house full of books, music, dancing, and learning.*

*And don't forget we are right on the beach!*
